7 focus areas

for a healthy digital insurance program

Increase the efficiency and effectiveness of your complex digital programs using proven methodologies

DECIDE

- ✓ Execute a framework with clear lines of authority and empowerment.
- ✓ Develop a clear picture of how the program is progressing.

1 Program Governance

2 Program Management

3 Workstream Management

ACT

- ✓ Use MVP's recurring focused examination of critical areas to ensure you are on time and on budget.

4 Testing Management

5 Data & Integration Management

6 Conversion & Go-Live Management

OPERATE

- ✓ Ensure benefits of the digital transformation are realized by staff, partners, prospects & policyholders.

7 Organization Change Management

MVP's Expert Approach

MVP provides an expert team of two insurance industry veteran executives for Quarterly Program Health Checks.

The focus of each Health Check changes as the program proceeds.

As changes occur, MVP deploys appropriate experts as necessary.
